Planning

Class Topic and Objective for the Session (What will the students know or be able to do by the end of the session?)

Teaching Strategies (What methods will the teacher use to help the learners reach this objective?)

Execution

Preparation	• Provides examples demonstrating planning • Articulates the connections between classroom plans and learning outcomes
Teaching Strategies	• Activates prior knowledge • Paces learning appropriately • Monitors learner understanding and comments on student progress • Encourages students to assume responsibility for their own learning • Provides application and concrete exercises/learning for abstract and generalized principles

Assessment & Evaluation	• Draws on prior experience with student texts and assignments to make instructional decisions • Reflects on teaching practice and student outcomes • Offers feedback and response that is both helpful and supportive
Learning Environment	• Demonstrates awareness of students' cultural diversity • Establishes positive student-teacher rapport • Encourages students to work collaboratively • Regains attention of "off-task" learners • Handles transitions in appropriate and positive manner • Adapts class to changing circumstances as needed

Communication	• Demonstrates awareness of different learning styles • Communicates subject with competence and confidence • Uses written/aural/visual/electronic/non-verbal communication effectively • Ensures legibility, audibility, and appropriate (universal) design of all materials and media in the classroom
